## LANGUAGES

Kinyarwanda	Native Proficiency
English	Native Proficiency
Hindi	Elementary Proficiency
French	Elementary Proficiency
Kiswahili	Elementary Proficiency

## SKILLS

Programming Languages: C++, Java, Javascript, Typescript, Php, Python	<div><div></div></div>
Fronted Development: React.js, Vue.js, html, Css, Tailwind and Bootstrap	<div><div></div></div>
Backed Technology: Node.js, Express.js, Larevel, Php, Python, MongoDB, Mysql	<div><div></div></div>
Scripting Languages: Bash, Perl, Powershell	<div><div></div></div>
Linux System: Ubuntu, Kali, Debian	<div><div></div></div>
Database Management: MySQL, Postgres	<div><div></div></div>
Automation & Development: Shellscrip, Python, Powershell, REST APIs, WebSocket Servers	<div><div></div></div>
Ethical Hacking & Cybersecurity: Penetration Testing, Vulnerability and Network Security	<div><div></div></div>
Cloud Platforms: AWS And Microsoft Azure	<div><div></div></div>
Soft Skills: Communication, Problem-solving, Attention to Detail	<div><div></div></div>

## HOBBIES

Programming and Software Development

Artificial Intelligence and Machine Learning

Cyber Security & Ethical Hacking

## Software Engineer

## EXPERIENCE

<b>04/2022-08/2023</b> Gizco Technology Ltd	<b>Software Developer</b>  Developed and maintained software applications using Python,PHP,JavaScript, and C++.  Utilized version control systems such as Git to manage codebase and track changes  Researched and implemented new technologies and frameworks to improve software development processes and efficiency.  Collaborated closely with UX/UI designers to implement intuitive and visually appealing user interfaces.
<b>06/2021-08/2021</b> Solvit Africa	<b>Junior Software Developer</b>  Contributed to the design and implementation of a data analytics dashboard, providing valuable insights to stakeholders.  Developed and maintained RESTful APIs, ensuring seamless integration with external services.
<b>10/2018-07/2019</b> DoctorPc Ltd	<b>Computer Hardware Technician</b>  Documented hardware configurations, maintenance procedures, and troubleshooting steps for reference and training purposes.  Installed and upgraded operating systems (Windows, Linux, macOS) and software applications.  Assembled, configured, and tested computer hardware components including motherboards, CPUs, RAM, hard drives, and graphics cards.  Provided technical support and guidance to end users, assisting with hardware setup, installations, and troubleshooting.
<b>12/2019-04/2020</b> Saltel Rwanda	<b>Networking Internship</b>  Troubleshoot network issues for lab users, resolving connectivity issues and assisting with software installations.  Configured a home Wi-Fi network using a consumer-grade router.  Designed and implemented a small home network using Cisco Packet Tracer, including routers, switches, and end devices.  Configured IP addresses, subnet masks, default gateways, and DNS settings for network connectivity.
<b>07/2023-01/2024</b> SANTISOFT LTD	<b>Full-stack Developer</b>  Designed and developed responsive web applications using React.js for the front end and Node.js with Express.js or PHP with Laravel for the back end.  Implemented RESTful APIs to handle data exchange between front-end and back-end systems, improving performance and scalability.  Integrated third-party APIs such as payment gateways and social media platforms into web applications.

## EDUCATION

<b>10/2014-10/2018</b> A2(Software Development)	<b>COG St Patrick</b> Grade : 3.5
<b>05/2019-05/2022</b> Bachelor of Science in Computer Science	<b>Kigali Independent University</b> Grade : 3.5

## PROJECTS

<b>02/2022-04/2022</b>	<b>Stock Management System</b>  Developed a stock management system using JavaScript,PHP and MySQL to track inventory, sales, and product information.  Implemented user authentication, product categorization, and reporting functionalities for efficient stock management.
<b>09/2023-10/2023</b>	<b>E-commerce Platform</b>  Led the development of an e-commerce platform using PHP with Laravel framework and MySQL database.  Designed and implemented front-end interfaces for product listings, shopping cart, and checkout process.  Integrated payment gateways and order management system for seamless online transactions.
<b>12/2022-01/2023</b>	<b>Tourism Website</b>  Created a tourism website for a local travel agency using HTML, CSS, and JavaScript.  Designed interactive maps, itineraries, and booking forms to enhance user experience.  Integrated social media sharing and customer reviews for marketing and feedback.
<b>05/2023-06/2023</b>	<b>Ethical Hacking Project</b>  Implemented security measures and provided recommendations to improve network and data security.  Collaborated with cybersecurity teams to address critical security issues and mitigate risks.
<b>05/2021-05/2021</b>	<b>Networking Project</b>  Designed and implemented a small-scale network infrastructure for a business environment using Cisco routers and switches.  Conducted network troubleshooting and performance tuning to ensure reliable connectivity.
<b>03/2023-03/2023</b>	<b>IoT Project: Automatic Alcohol Detection System</b>  Managed Linux-based servers, including installation, configuration, and maintenance of services such as Apache, MySQL, and PHP (LAMP stack).  Implemented security measures, user management, and backup strategies to ensure server reliability and data integrity.  Automated server tasks using shell scripting and cron jobs to streamline operations and improve efficiency.

## CERTIFICATES

<b>01/2024-02/2024</b> StackOverflow	<b>Data Structure and Algorithms</b>  Completed Data Structures and Algorithms certification from Stack Overflow, demonstrating proficiency in fundamental data structures, algorithms, and problem-solving techniques.
<b>12/2019-01/2020</b> Saltel	<b>Networking Cerification</b>  Obtained a networking certification from Saltel, showcasing expertise in network design, protocols, troubleshooting, and security.
<b>07/2019-08/2019</b> DoctorPc Ltd	<b>Computer Hardware Certification</b>  Earned a hardware certification from doctorpc ltd, validating knowledge and skills in computer hardware components, assembly, maintenance, and troubleshooting.
<b>07/2023-08/2023</b> Udemy	<b>Ethical Hacking Certification</b>  Completed an Ethical Hacking certification course on Udemy, covering topics such as penetration testing, vulnerability assessment, network security, and ethical hacking methodologies.
